“ T. Gschwender & Associates (TGA) helps us evaluate new business loan requests and prepare loan proposals for underwriting. Having considered both a CUSO and TGA, I chose TGA due to their extensive experience with business lending. Outsourcing this processing and analytical work to them has helped us offer this valuable service to our members in a cost effective manner and grow our business portfolio in a safe and sound manner. They have been a terrific partner for us and I highly recommend them. ”
